

Happy St. Patty's Day!

You don't have to be Irish to love saving a little "green."

Through the rest of March, we're celebrating St. Patrick's Day with 50% off our Green Peel.

Just think: new skin in 5 days! Age, the environment, sun exposure, stress, genetics and nutrition can all result in a loss of facial texture, firmness, and elasticity. Our Green Peel removes the upper layers of skin and stimulates blood circulation to encourage the natural process of cell renewal. The result is healthier, more refined skin.

This offer is only good through March 31st, so call 260.969.5080 to schedule your appointment today!
